Housing

Because there is a high demand for student housing in Wageningen, it can be challenging to find a place to stay. As there is a shortage of housing, the number of rooms allocated to exchange students is very limited. We try to give priority for housing to students from non-EU partners. Unfortunately, we cannot offer students from EU/EFTA countries a student room. We would recommend everyone to register for a room via www.room.nl as soon as possible. For more information, check the website of **Idealis**. More information about housing can be found [here](#).

Immigration information

For some incoming students, Wageningen University & Research needs to apply for an entry visa (MVV) and/or residence permit (VVR) after admittance; students should not start procedures themselves. The Student Immigration Office of Wageningen University will send the application for entry visa and/or residence permit to the immigration authorities (IND). The dues for this procedure are € 243,- (2025). In the table below you can check which permit(s) are needed.
