UK State Pension

If you do not have 10 years, you may lose your entitlement to the UK State Pension from 2016! You may make additional contributions now at a minimal price and preserve your entitlement!

Is it worth your while?

- The UK Basic State Pension is presently £115.95.
- The requirement is for 30 years of service to qualify for the full amount.
- Each additional years of UK service purchased gives you an extra income of £200 per annum (approximately €250).
- Full State Pension is €7,563 p.a. Approx. This is in addition to your Irish State and Employer Pensions.

As your agent, we seek approval for you to make additional contributions in the UK State Pension system and increase your entitlements.
