

Additional Requirements

Health requirements

Nursing and midwifery are demanding professions, both physically and emotionally. This requires good mental and physical health and the ability to achieve the required competencies of a nurse. Students will be required to complete a Preplacement Health Assessment Form and as necessary undergo a medical assessment/screening. This aligns with the Nursing & Midwifery Board of Ireland framework as detailed in "Nursing/Midwifery A Career for You (2023)"

Vaccination and Screening

Registered students must engage with the School of Nursing and Midwifery Vaccination and Screening programme in collaboration with the clinical partners and in line with the National Immunisation Advisory Committee (NIAC) Immunisation and Health Information for Health Care Workers and others in At-Risk Occupations. Vaccinations are not mandatory; however, a student who declines to be immunised against these illnesses or who has a confirmed medical contraindication to a vaccine, and as a result will not be in a position to acquire the necessary skills or core competencies and in agreement with clinical partners will be denied placement and unable to continue on this programme.

Statutory and Mandatory Training

Statutory and Mandatory training are defined as training and skills that must be successfully completed and updated to participate and remain skilled in safe clinical practice.

Statutory Training: Training which is explicitly required by law; or required on the instruction of a statutory body on the basis of specific legislation. Statutory training is mandatory for all students attending placements.

Mandatory training is compulsory training that is deemed essential by an organisation for the safe and efficient delivery of services.

The Statutory and Mandatory training and Skills for **ALL** students are stipulated by the Department of Health and the Health Service Executive and include the following:

- Manual Handling & People Handling training is completed in year 1 and updated in year 3

- AHA Basic Life Support (BLS) Provider Course (complete in year 1 and updated in year 3)
- Prevention and Control of Healthcare Associated Infections to include:
 - Hand hygiene (update at least once in each academic year)
 - Exposure to blood and body fluids (Updated in year 3)
 - Waste management (Updated in year 3)
 - Personal Protective Equipment (Updated in year 3)
 - Children First (Updated in year 3)
 - Irish National Early Warning System (INEWS)

Students must satisfactorily participate and obtain certification of completion/achieve competency in training and other health requirements to commence/continue with the programme.

Garda Vetting

Garda Vetting in line with the requirements of the programme nursing and midwifery students in the University of Galway will undertake placements with external agencies, bringing them into contact with the public during which they will assume positions of trust. To ensure the protection of the public, and justify public trust and confidence, the University is committed to ensuring that only suitable candidates undertake these programmes. University of Galway uses the Garda National Vetting Bureau (GNVB) and where applicable, may liaise with other vetting services* to assess the suitability of applicants for admission to such programmes. The University of Galway requires that students on nursing and midwifery programmes be Garda Vetted before they fully complete their registration as a student of the University. Students who have not completed their Garda Vetting will be registered provisionally until Garda Clearance is obtained. In the event where applicants do not meet the Garda Vetting requirements of the University, registration on such programmes is subject to cancellation.

Overseas Police Clearance – Students with addresses outside of Ireland:

Please note that Garda clearance will only cover addresses in the Republic of Ireland and Northern Ireland. If you have resided in countries outside of the Republic of Ireland / Northern Ireland for a period of 6 months or more from

the date of your 16th birthday, it is mandatory for you to furnish the Admissions Office with a Police Clearance Certificate from those countries stating that you have/have not convictions recorded against you while residing there. Please ensure you apply for this as soon as possible as it can take up to 3 months to obtain.
